C. MACHINE ELIGIBILITY AND CLASSIFICATION

D. REGISTRATION

1. Proof of age must be available upon request by 2x Promotions and AMA officials at any time.
2. For youth classes age is based on the rider's age on **January 1st** of the current year as stated in the AMA Rulebook. For amateur classes, age is determined based off the final date of the Mammoth Motocross event as follows; for 250C Jr (12-17) age is determined as the date of the first qualifier:

250 C Jr. (12-17) – Feb 4th
50+/40+/30+ - Sunday June 15th
25+ - Friday June 24rd
Women 12+ - Sunday June 24th
3. Riders under the age of 18 years must have a parent present or a duly notarized parental consent form, as required by the AMA Rules in order to participate.
4. International riders registering for the Mammoth final should do so by online registration or by sending the Mammoth Entry Form by express mail. 2X Promotions is not responsible for failure to receive entry.
5. Entries are non-refundable and cannot be transferred or sold.
6. Transponders are required for events. Collateral or rental fees may apply at the promoters' discretion. Proof of age must be available upon request by 2x Promotions and AMA officials at any time.

E. RACE FORMAT

1. **Motocross format: (Single Divisions)** Olympic scoring with three moto format is standard for all classes with single divisions. (A Two moto Olympic scoring format could be used if AMA time was a factor)
2. **Supercross format: (Multiple Divisions)** Heat/Semi/Main format will be used for scoring in classes with more than one division. Event staff will post number of transferring positions for the Main event and Semi. If you transfer from first moto, you go directly to the Main. If you do not, you will race your assigned semi to attempt to place into the Main again. Results from the Main event are final placing results.
3. First moto starting gate positions will be determined by random draw. In Motocross Format the second moto gate position is determined by the finishing position in moto one.

F. RACE FINISHES

1. In order to receive a numeric finish position in a moto, a rider must complete at least one-half the laps of the leader *and* take the checkered flag. A rider who fails to complete at least one full lap will receive a "DNS" (Did Not Start). A rider who fails to report to staging will receive a DNS. A DNS results in moto points equal to the total number of riders in the class, plus 30 points. In all other instances, the rider will be considered a "DNF" (Did Not Finish). A DNF results in moto points equal to the total number of riders in the class, but never less than 20.
2. **Disqualification:** A "Moto DQ" ("Disqualification") results in moto points equal to the total number of riders in the class, plus 40 points. A "Class DQ" results in exclusion from the class results in all motos for that class only. A "Meet DQ" results in exclusion from all classes in all motos for the entire meet.
3. All rulings made by referee are final.

G. PROTEST FEES AND PROCEDURES

1. The following protest fees shall apply:
 - a. Administration Protests: \$100 per item or component protested

3. In the event the inspection is made after the final moto, the machine will be impounded between motos and/or the engine sealed pending the inspection, with the exception that minor repairs and maintenance may be made under 2x Promotions supervision.
